Sir:

Copies of the references cited on the attached PTO/SB/08A and PTO/SB/08B forms are being called to the attention of the Examiner. This IDS is submitted *after* the Notice of Allowance has been issued. We have reviewed these references and determined that they are either not material to patentability or cumulative to information already of record. We are submitting these references and bringing them to the attention of the Examiner in an abundance of caution. Applicants understand that the references may not be entered, but request that the Examiner consider these references and place them in the application file wrapper.

As provided for by 37 CFR 1.97(g) and (h), no inference should be made that the information and references cited are prior art merely because they are in this statement and no representation is being made that a search has been conducted or that this statement encompasses all the possible relevant information.

Respectfully submitted,

Craig C. Largent
